About Me

I am a dedicated and highly skilled Web Developer with over 2 years of experience in developing scalable and high-performance web applications. I specialize in PHP (Laravel - Advanced) and JavaScript frameworks including Vue.js and Nuxt.js (Advanced), as well as React and Next.js (Basic). I also have experience with Node.js (Express.js) and MongoDB (Basic).

I have successfully contributed to 4 Japan projects and 4 Myanmar projects for various clients. My expertise extends beyond development to server management and DevOps, with hands-on experience in Digital Ocean Ubuntu Linux servers, various Linux distributions, Docker, and web servers like Apache2 and Nginx.

Education

Physics (Second Year) in Mandalar University Since 2018-2020

Cetificates

2018 (IT Home Mandalay)

- Adobe Photoshop CS6
- Adobe illustrator CS6

2022(Code Lab)

- Professional Web Design Course
- Fullstack Devloper Course
- Laravel + Vue JS Full Stack Course

2023(Softguide Software House)

- PHP Internship Course

Language

- English
- Myanmar
